Tax Rates

COCHRAN COUNTY Property Tax Rates in (taxing unit's name) **COCHRAN COUNTY** property tax rates for ____ This notice concerns the (taxing unit's name) (current year) This notice provides information about two tax rates used in adopting the current tax year's tax rate. The no-new-revenue tax rate would impose the same amount of taxes as last year if you compare properties taxed in both years. In most cases, the voter-approval tax rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value. This year's no-new-revenue tax rate.....\$____ /\$100 /\$100 This year's voter-approval tax rate\$_ cochrantruthandtaxation.com __ for a copy of the Tax Rate Calculation Worksheet. To see the full calculations, please visit (website address) Unencumbered Fund Balances The following estimated balances will be left in the taxing unit's accounts at the end of the fiscal year. These balances are not encumbered by corresponding debt obligation. Balance Type of Fund **Current Year Debt Service** The following amounts are for long-term debts that are secured by property taxes. These amounts will be paid from upcoming property tax revenues (or

additional sales tax revenues, if applicable).
